**洁净之力 驰行致远**

## 公司简介

### Company Profile

上海洁驰清洁设备有限公司成立于2003年7月1日，是集研发、生产、销售于一体的大型专业清洁设备制造商。拥有专业研发、技术先进的清洁设备，主要产品系列有洗地机、扫地机等，主旨为客户提供高性价比的技术、服务和设备，产品畅销全国各地，远销近30多个国家、地区。

2012年11月，公司为迎合市场需求，扩大生产基地，在江西成立了除开上海以外的第二个生产基地，实施双厂运营，也为洁驰实现了生产效率最大化。公司对清洁设备行业有着独到的见解，深入洞察，准确把握市场趋向，产品呈现出美观与实用融合的精神，现有30余款专业清洁设备产品，颠覆人们对清洁设备的固有印象，形成独具一格的品牌。

洁驰拥有一支经验丰富的团队，自成立以来，洁驰奉行“品质卓越、信誉永恒”为经营宗旨，坚持“让清洁更容易，让客户更轻松”为不懈追求，也取得了一项项成绩。2010年服务于上海世博会，并入驻上海世博会民营企业馆；2018年荣获上海市高新技术企业认证。

洁驰一直以专业设计、优良品质、周到服务，合理价格满足客户需求，致力于为广大客户提供质优实惠的清洁设备，先后服务过多家著名企业，此后也将致力于服务清洁行业，让清洁更便利，让生活更美好，与大家共同创造一个洁净的环境而努力。

Shanghai Jie chi Cleaning Equipment Co., Ltd., was established on July 1, 2003. It is a large-scale professional cleaning equipment manufacturer with R&D, manufacturing and sales & marketing. The company has professional R&D and advanced cleaning equipment, and its main product series include washing machines and sweepers. It is committed to providing customers with cost-effective technologies, services and equipment, and its products are sold well all over the country and have been exported to nearly 30 countries and regions.

In November, 2012, We expanded its production base to meet the market demand, and set up a second production base in Jiangxi in addition to Shanghai, and implemented the double plant operation, which also maximized the production efficiency for our company. JIE CHI has unique insights into the cleaning equipment industry. Through in-depth insight and accurate judgement of market trends, the products produced by the company are both beautiful and practical. We has more than 30 professional cleaning equipment products, which change people's inherent impression of cleaning equipment and formed a unique brand.

We have an experienced since the company establishment. We hold the business concept of "Super excellent Quality, Eternal Reputation", and persisted in the unremitting pursuit of "making cleaning easier and bringing customers convenience", which helped us made achievements. In 2010, we provide service for the Shanghai World Expo and settled in the private enterprise pavilion of the Shanghai World Expo. In 2018, the company won the Shanghai High-tech Enterprise Certification.

We adhere to the spirit of professional design, excellent quality and thoughtful service. We meet customers' needs at reasonable prices and are committed to providing our customers with good products with low prices. We have served many famous enterprises successively, and will continue to devote ourselves to the service cleaning industry. We are determined to make cleaning more convenient, make life better, and create a clean environment with you.

## FLOOR SCRUBBER 手推式洗地机

### BA430BT/430ET

BA430BT是一款小型洗地机，适用于护理机构，幼儿园，学校，小型超市等一些狭小空间的地面清洁工作。

BA430 is a small floor scrubber, suitable for floorcleaning in small spaces such as nursing institutions, kindergartens, schools, and small supermarkets.

## 性能特点 FEATURES

- 01** 宽阔的污水箱口，方便机器使用完成后的清洁。  
Wide waste water tank design for easy cleaning after machine use.
- 02** 一体式铸铝水扒，耐腐蚀。  
One-piece cast-aluminum water-sucking scratches has better anti-corrosion performance.
- 03** 挡水裙边设计，有效控制污水乱撒。  
The skirt can effectively control the scattering of waste water.
- 04** 操作简单的面板，设备容易上手。  
In addition, the simplified operation panel can also make it easy to use.
- 05** 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mightymomentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

### BA430BT

电压电瓶	Voltage	24V/100AH
清洁宽度	Cleaning width	430mm
吸水扒宽度	Suction width	620mm
清洁效率	Area Performance	1500m <sup>2</sup> /h
刷盘电机	Brush motor	550W
吸水电机	Suction motor	500W
水箱容量	Clean/Dirty Water Tank	28L/30L
机器尺寸	Machine size	100cm*57cm*84cm
机器重量	Machine Weight	105KG

### BA430ET

电压电瓶	Voltage	220V
清洁宽度	Cleaning width	430mm
吸水扒宽度	Suction width	620mm
清洁效率	Area Performance	1500m <sup>2</sup> /h
刷盘电机	Brush motor	1100W
吸水电机	Suction motor	800W
水箱容量	Clean/Dirty Water Tank	28L/30L
机器尺寸	Machine size	100cm*57cm*84cm
机器重量	Machine Weight	90KG

## FLOOR SCRUBBER 手推式洗地机

### BA530BT/530ET

简单精巧的一款洗地机，适用于面积较小的区域。灵活简单，易于操作，小巧的机身设计可使机器在拥挤的环境中也可清洁自如。可满足大多数用户的清洁需求。

BA530BT is a simple and exquisite scrubber, quite fit for multiple small-sized areas. Because of flexible and simple, it's easy to operate. The compact body design can make it easily clean in different crowded environments, as well as meet different cleaning needs from a majority of users.

## 性能特点 FEATURES

- 01** 大容量的清水箱以及污水箱，满足长时间大面积的清洗要求。  
The extra-large capacity water tank can meet large- area cleaning demands from different customers.
- 02** 一体式铸铝水扒，耐腐蚀。  
One-piece cast-aluminum water-sucking scratches has better anti-corrosion performance.
- 03** 污水箱满后，可自动提示，自动关机。  
Once the installed sewage tank is full, it can automatically pop up corresponding prompt and power off.
- 04** 自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self-developed triangular-shape buckle brush discs can realize automatic up-and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 05** 操作简单的面板，设备容易上手。  
In addition, the simplified operation panel can also make it easy to use.
- 06** 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

### BA530BT

电压/电瓶	Voltage	24V/100AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2100m <sup>2</sup> /h
刷盘电机	Brush Motor	550w
吸水电机	Suction Motor	500w
水箱容量	Clean/Dirty Water Tank	50L/55L
机器尺寸	Machine Size	116cm*54cm*106cm
机器重量	Machine Weight	190KG

### BA530ET

电压电瓶	Voltage	220V
清洁宽度	Cleaning width	530mm
吸水扒宽度	Suction width	770mm
清洁效率	Area Performance	2100m <sup>2</sup> /h
刷盘电机	Brush motor	1100w
吸水电机	Suction motor	800w
水箱容量	Clean/Dirty Water Tank	50L/55L
机器尺寸	Machine size	116cm*54cm*106cm
机器重量	Machine Weight	175KG

FLOOR SCRUBBER  
手推式洗地机

A3/A3D

简单精巧的一款洗地机，适用于面积较小的区域。灵活简单，易于操作，小巧的机身设计可使机器在拥挤的环境中也可清洁自如。可满足大多数用户的清洁需求。

A3 is an simple and exquisite scrubber, quite fit formultiple small-sized areas. Flexible and simple, it'seasy to operate. The compact body design make iteasily clean in different crowded environments, aswell as meet differ-ent cleaning needs from a majorityof users.

性能特点 FEATURES

- 01

根据地面情况，可调节刷盘对地面的压力，清洁效果更佳显著。  
According to actual ground conditions, pressure of brush discs on ground can be flexibly adjusted for achieving more apparent and better cleaning effect.
- 02

一体式铸铝水扒，耐腐蚀。  
One-piece cast-aluminum water-sucking scratches has better anti-corrosion performance.
- 03

刷卡式面板，简单清晰。  
Brush card type panel, simple and clear.
- 04

自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self- developed triangular- shape buckle brush discs can realize automatic up-and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 05

透明水位管以及污水箱盖，可轻松看出各个地方的水位显示。  
And via the equipped transparent water-level pipeline and sewage tank cap, actual water-level statuses in all areas can be easily displayed.

技术参数 TECHNICAL SPECIFICATIONS

A3

电压/电瓶	Voltage	24V/100AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2200㎡/h
行走电机	Traction Power	/
刷盘电机	Brush Motor	550w
吸水电机	Suction Motor	550w
水箱容量	Clean/Dirty Water Tank	50L/55L
机器尺寸	Machine Size	127cm*55cm*109cm
机器重量	Machine Weight	155KG

A3D

电压/电瓶	Voltage	24V/100AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2400㎡/h
行走电机	Traction Power	200w
刷盘电机	Brush Motor	550w
吸水电机	Suction Motor	500w
水箱容量	Clean/Dirty Water Tank	55L/65L
机器尺寸	Machine Size	127cm*55cm*109cm
机器重量	Machine Weight	165KG

## FLOOR SCRUBBER 手推式洗地机

### BA730BT

BA730手推式洗地机，洗擦，吸干一次性完成，适用于面积较小的区域。灵活简单，易于操作，大大减少清洁劳累和作业时间，可快速解决地板上的任何污垢，显著提高清洁卫生质量。

BA730 Hand- push Scrubber can be scrubbed and dried at once, quite fit for multiple small-scaled areas. Flexible, simple and easy to operate, it can greatly reduce cleaning fatigue and working time. And it can quickly scrub any dirt on floor and significantly improve, overall cleaning and hygiene quality.

## 性能特点 FEATURES

- 01** 简单的操作面板，可清楚的看到电瓶电量状态。  
And via the simplified operation panel, actual battery power status can be clearly read.
- 02** 一体式铸铝水扒，耐腐蚀。  
One-piece cast-aluminum water-sucking scratches has better anti-corrosion performance.
- 03** 超大容量水箱，满足大面积清洗要求。  
The extra-large-capacity water tank can meet large-area cleaning demands from different customers.
- 04** 自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self- developed triangular- shape buckle brush discs can realize automatic up-and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 05** 铝制刷盘罩，防腐蚀效果极好。  
Equipped aluminum-material brush cover has excellent corrosion protection performance.
- 06** 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance -free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	24V/120AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2200m <sup>2</sup> /h
刷盘电机	Brush Motor	650w
吸水电机	Suction Motor	500w
水箱容量	Clean/Dirty Water Tank	65L/75L
机器尺寸	Machine Size	126cm*62cm*103cm
机器重量	Machine Weight	220KG

## FLOOR SCRUBBER 全自动洗地机

### BA680BT/BA690BT

操作灵活的电瓶式洗地机，非常适合中小规模场地的维护以及清洁工作。  
可以满足操作灵活以及经济适用要求。

BA680BT is an easy operate battery type scrubber, quite applicable to maintenances and cleans of multiple small and medium-sized sites, which can meet demands from different users for better flexible operations and economical applications.

## 性能特点 FEATURES

- 01 加重铝制刷盘罩，清洗更干净。**  
The heavier aluminum brush cover is relatively easy to clean.
- 02 一体式铸铝水扒，耐腐蚀。**  
One-piece cast-aluminum water-sucking scratches has better anti-corrosion performance.
- 03 污水箱满后，可自动提示，自动关机。**  
Once the installed sewage tank is full, it can automatically pop up corresponding prompt and power off.
- 04 自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。**  
The self-developed triangular-shape buckle brush discs can realize automatic up-and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 05 大容量的清水箱以及污水箱，满足长时间大面积的清洗要求。**  
Equipped large-capacity clean-water tank and sewage tank can meet various large-area cleaning needs for long terms.
- 06 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。**  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

### BA680BT

电压/电瓶	Voltage	24V/100AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2200m <sup>2</sup> /h
行走电机	Traction Power	/
刷盘电机	Brush Motor	550w
吸水电机	Suction Motor	500w
水箱容量	Clean/Dirty Water Tank	68L/70L
机器尺寸	Machine Size	125cm*65cm*111cm
机器重量	Machine Weight	190KG

### BA690BT

电压/电瓶	Voltage	24V/100AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2400m <sup>2</sup> /h
行走电机	Traction Power	400w
刷盘电机	Brush Motor	550w
吸水电机	Suction Motor	500w
水箱容量	Clean/Dirty Water Tank	68L/70L
机器尺寸	Machine Size	125cm*65cm*111cm
机器重量	Machine Weight	196KG

## FLOOR SCRUBBER 全自动洗地机

BA860BT/BA660BT

清洗易控，高效率的全自动洗地机。相较于普通手推式洗地机，此款设备配备两个刷盘，从而达到效率最大化。另外机器自带的自走系统，使得操作起来毫不费力，从而省心省力。只需一次操作，便可完成刷地，吸干清洁地面。

This is a fully-automatic scrubber featured with easier washing & control and high efficiency. Comparing with the commonly-seen hand-push scrubbers, it is equipped with 2 brush discs for maximizing overall efficiency. In addition, the equipped self-propelling system makes entire operation effortless for avoidances of worries or efforts. Just once operation can complete all scrubbing work, as well as dry and clean ground.

## 性能特点 FEATURES

- 01** 大开口污水箱，可视化操作，方便内部清洁工作。  
And the large - mouth sewage tank can achieve visual operation for facilitating subsequent internal cleans.
- 02** 吸水扒的胶边的倾角以及压力都可调节，吸水扒条配备直接轮使其工作更稳定。  
The rubber edges, inclination and pressure of installed water-sucking scratches can be well adjusted. Supported by flexible direct wheel, more stable operation can be ensured.
- 03** 机器带有自走功能，无需费力推动，即可轻松前行。  
And the equipped self-propelling function can realize easy move-on without efforts.
- 04** 自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self-developed triangular-shape buckle brush discs can realize automatic up-and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 05** 一体化设计，各组成部分可轻松拆卸，维修，保养。  
And all the components of the all-in one design can be easily disassembled, repaired and maintained.
- 06** 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

### BA860BT

电压/电瓶	Voltage	24V/200AH
清洁宽度	Cleaning Width	860mm
吸水扒宽度	Suction Width	1100mm
清洁效率	Area Performance	4200m <sup>2</sup> /h
行走电机	Traction Power	500w
刷盘电机	Brush Motor	560w*2
吸水电机	Suction Motor	500w
升降电机	Lifting Motor	100w
水箱容量	Clean/Dirty Water Tank	95L/105L
机器尺寸	Machine Size	150cm*95cm*124cm
机器重量	Machine Weight	300KG

### BA660BT

电压/电瓶	Voltage	24V/200AH
清洁宽度	Cleaning Width	660mm
吸水扒宽度	Suction Width	1080mm
清洁效率	Area Performance	3600m <sup>2</sup> /h
行走电机	Traction Power	500w
刷盘电机	Brush Motor	560w*2
吸水电机	Suction Motor	500w
升降电机	Lifting Motor	100w
水箱容量	Clean/Dirty Water Tank	95L/105L
机器尺寸	Machine Size	143cm*76cm*118cm
机器重量	Machine Weight	295KG

RIDE-ON FLOOR SCRUBBER  
驾驶式洗地机

A5

A5是一款小型驾驶式洗地机。迷你型的机身设计，灵活紧凑，可以进入狭小的电梯，从而达到一机多楼层使用。迷你形的设备满足了客户对小型驾驶洗地机需求的同时也达到了效率最大化。

A5 is a small-sized ride-on scrubber. With the minibody design, it's quite flexible and compact, which can be easily put in any narrow elevator for use within multiple floors with one whole scrubber. While meeting the demands from different customers for small-sized ride-on scrubbers, the mini-shaped equipment has maximized its overall efficiency.

性能特点 FEATURES

- 01

智能型控制，一键启动。进口控制器，给设备带来安全稳定的性能。  
With the fully intelligent control, it can easily start by just clicking one button. And the installed imported controller can bring it safe and stable performance.
- 02

机器开启以及暂停工作时水扒可自动配合升降。  
Squeegee can realize automatic rising and lowering movements accordingly.
- 03

自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self-developed triangular-shape buckle brush discs can realize automatic up- and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 04

污水箱浮球总成，水满自动停机。  
Equipped with floating ball, the machine can automatically stop when water level is full.
- 05

配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	24V/100AH
清洁宽度	Cleaning Width	530mm
吸水扒宽度	Suction Width	770mm
清洁效率	Area Performance	2700m <sup>2</sup> /h
行走电机	Traction Power	500w
刷盘电机	Brush Motor	560w
吸水电机	Suction Motor	500w
升降电机	Lifting Motor	100w*2
水箱容量	Clean/Dirty Water Tank	65L/75L
机器尺寸	Machine Size	126cm*62cm*103cm
机器重量	Machine Weight	220KG

## RIDE-ON FLOOR SCRUBBER 驾驶式洗地机

### A6

A6是一款小型驾驶式洗地机。迷你型的机身设计，灵活紧凑，迷你形的设备满足了客户对小型驾驶洗地机需求的同时也达到了效率最大化。

A6 is a small-sized ride-on scrubber. With the minibody design, it's quite flexible and compact. While meeting the demands from different customers for small-sized ride-on scrubbers, the mini-shaped equipment has maximized its overall efficiency.

## 性能特点 FEATURES

- 01 挡水胶条设计，有效控制污水乱撒。**  
The rubber can effectively control the scattering of waste water.
- 02 机器开启以及暂停工作时水扒可自动配合升降。**  
Squeegee can realize automatic rising and lowering movements accordingly.
- 03 自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。**  
The self-developed triangular-shape buckle brush discs can realize automatic up- and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 04 污水箱浮球总成，水满自动停机。**  
Equipped with floating ball, the machine can automatically stop when water level is full.
- 05 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。**  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	24V/145AH
清洁宽度	Cleaning Width	660mm
吸水扒宽度	Suction Width	800mm
清洁效率	Area Performance	3000m <sup>2</sup> /h
行走电机	Traction Power	400w
刷盘电机	Brush Motor	550w*2
吸水电机	Suction Motor	500w
升降电机	Lifting Motor	100w*2
水箱容量	Clean/Dirty Water Tank	90L/110L
机器尺寸	Machine Size	130cm*72cm*134cm
机器重量	Machine Weight	295KG

RIDE-ON FLOOR SCRUBBER  
驾驶式洗地机

A7

A7是一款中型驾驶式洗地机。非常适合中型规模区域，机身较为轻便，易于操作。极小的回旋直径，可原地转弯，实现操作最大化。设备使用局限性小，全进口配置，品质保证，适合更多不同的工作环境需求。

A7 is a middle-sized ride-on scrubber. It is quite fit for various medium-scaled areas. And its entire body is relatively lightweight and easier to operate. With its extremely small turning diameter, it can realize on-spot turn and maximize operational amplitude. But the equipment has smaller limitations in use. And the fully-imported configuration can better assure overall quality.

性能特点 FEATURES

- 01

智能型控制，一键启动。进口控制器，给设备带来安全稳定的性能。  
With the fully intelligent control, it can easily start by just clicking one button. And the installed imported controller can bring it safe and stable performance.
- 02

进口行走电机，软启动，强大输出动力，即使爬坡也可轻松完成。  
Featured with soft start-up function, the imported drive motor has strong output power. And even climbing movement can be easily completed.
- 03

根据地面情况，可调节刷盘对地面的压力，清洁效果更佳显著。  
According to actual ground conditions, pressure of brush discs on ground can be flexibly adjusted for achieving more apparent and better cleaning effect.
- 04

自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self-developed triangular-shape buckle brush discs can realize automatic up-and-down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 05

污水箱装有液位开关，水满自动停机，水扒也可自动配合升降。  
Equipped with a liquid-level switch, the supporting sewage tank can automatically stop when water level is full. And squeegee can realize automatic rising and lowering movements accordingly.
- 06

配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance-free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	24V/200AH
清洁宽度	Cleaning Width	860mm
吸水扒宽度	Suction Width	1100mm
清洁效率	Area Performance	5500m <sup>2</sup> /h
水箱容量	Tank capacity	140L/150L
行走电机	Traction Power	800w
刷盘电机	Brush Motor	560w*2
吸水电机	Suction Motor	500w
升降电机	Lifting Motor	100w*2
机器尺寸	Machine Size	165cm*90cm*130cm
机器重量	Machine Weight	330KG

## RIDE-ON FLOOR SCRUBBER 驾驶式洗地机

### BA850BT/BA900BT

BA850BT是一款中型驾驶式洗地机。非常适合大规模区域中，各种地面的维护，清洗工作。加大水箱以及设备本身自重带来的特点，使其动力最强化，效率最大化。是许多大面积场所日常清洁以及开荒保洁的首选产品。

BA850BT is a middle-sized ride-on scrubber. It's quite fit for maintenance and cleans of different ground surfaces in multiple large -scale areas. Increase the equipment's water-tank space and enhance the characteristics brought by its dead weight for making it become the most powerful and efficient facility. It is the first choice for daily cleans, reclamation of wastelands and environment-clean maintenance for many large areas.

## 性能特点 FEATURES

- 01** 吸水扒的胶边的倾角以及压力都可调节。吸水扒条配备直接轮，使其工作更稳定。  
The rubber edges, inclination and pressure of installed water- sucking scratches can be well adjusted. Supported by flexible direct wheel, more stable operation can be ensured.
- 02** 机器前身装有防撞杆，更好的保证行驶中的作业安全。  
At its front body, one anti-collision bar is equipped for better ensuring its safer operation in running process.
- 03** 全进口一体式带有驱动电机的驱动轮，保证了极小的转弯半径。  
Machine equipped fully-imported all-in-one drive wheel with drive motor can better ensure tiny turning radius.
- 04** 吸水电机被安置在一个衬有高级吸音材料的吸水系统中，噪音极低，同时还保证了电机的安全。  
At Placed in a water-sucking system lined with high-end sound- absorbing materials, the water sucker motor has extremely low noise while securing overall safety of the entire motor.
- 05** 自主研发的三角卡扣刷盘，能够实现刷盘自动上下刷，使得更换耗材简单方便。  
The self- developed triangular -shape buckle brush discs can realize automatic up- and -down brushing movements for facilitating simple and convenient replacements of multiple consumables.
- 06** 配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance -free storage batteries, it can constantly provide mighty momentum for assuring long-term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

### BA850BT

电压/电瓶	Voltage	36V/200AH
清洁宽度	Cleaning Width	850mm
吸水扒宽度	Suction Width	1100mm
清洁效率	Area Performance	5800m <sup>2</sup> /h
行走电机	Traction Power	800w
刷盘电机	Brush Motor	650w*2
吸水电机	Suction Motor	600w
升降电机	Lifting Motor	100w*2
水箱容量	Clean/Dirty Water Tank	180L/195L

## RIDE-ON FLOOR SCRUBBER 驾驶式洗地机 BA1250BT

BA1250是一款超大型驾驶式洗地机。非常适合超大规模区域中的清洗任务，配备3个刷盘，极大提高了清洁效率。刹车系统最大程度上保障了制动效果，可在10%的坡度上安全作业。

BA1250 is an ultra-large piloted land washer. It is suitable for cleaning tasks in ultra-large areas. Equipped with 3 brush discs, greatly improve cleaning efficiency. The braking system maximizes braking performance and operates safely on 10% slope.

## 性能特点 FEATURES

- 01** 电子检测功能，可随时检测所有功能使用状况。  
Electronic detection detects the use of all functions at any time.
- 02** 配备3个刷盘，效率最大化。  
Equipped with 3 brush discs to maximize efficiency.
- 03** 双吸水马达设计，清洗过后地面无残留。  
The motor is a double sided water-absorbing design that ensures that the ground is clean after cleaning.
- 04** 超大水箱，无需来回加放水，节省时间。  
Super large water tank, no need to add water and drain water always, also save time.
- 05** 超长吸水扒，吸干后无残留。  
Ultra long water-absorbing pickpockets, no marks after cleaning.
- 06** 配备工业级大容量的免维护电瓶，使设备可以长时间作业。  
Equipped with industrial-grade, high-capacity maintenance-free cylinders, can be used for long periods of time.

## 技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	36V/460AH
清洁宽度	Cleaning Width	1250mm
吸水扒宽度	Suction Width	1450mm
清洁效率	Area Performance	8800m <sup>2</sup> /h
行走电机	Traction Power	1800w
刷盘电机	Brush Motor	650w*3
吸水电机	Suction Motor	600w*2

机器重量	Machine Weight	1060KG

RIDE-ON FLOOR SCRUBBER  
驾驶式洗地机

A8/10

A8/10是一款中大型驾驶式洗地机。机器工作效率高，操作便捷。速度快转弯半径小能灵活运用到各个场景。配备水枪可以更加便捷清理污水箱，冲扫难以清理的水箱污垢，还配备手持吸扒进行多功能作业。放水部分配备超大排污盖，防止大型垃圾清理不出来。

A8/10 is a medium to large driving floor washer. The machine has high work efficiency and convenient operation. Fast speed and small turning radius can be flexibly applied to various scenarios. Equipped with a water gun, it is more convenient to clean the dirty water tank, flush the dirt in the water tank that is difficult to clean, and also equipped with a handheld suction scraper for multifunctional operations. The drainage section is equipped with a large sewage cover to prevent large garbage from not being cleared out.

性能特点 FEATURES

- 01

刷盘可调节对地压力，应用各种地面。  
The brush disc can adjust the pressure on the ground and is suitable for various ground applications.
- 02

速度快转弯半径小，可以更加灵活的运用操作机器。  
Fast speed and small turning radius allow for more flexible use and operation of the machine.
- 03

水箱配备小水枪，可以帮助人工清洗污水箱内部的边边角角，大大节省了人工清洗水箱的时间，还配有手持式吸扒，可以吸机器难以作业的地方更加便捷方便。  
The water tank is equipped with a small water gun, which can help manually clean the edges and corners of the dirty water tank, greatly saving the time for manual cleaning of the water tank. It is also equipped with a handheld suction scraper, which can suck in areas where the machine is difficult to operate, making it more convenient and convenient.
- 04

超大放水口，可以预防排污管堵塞导致垃圾清理不出去。  
A super large water outlet can prevent clogging of the sewage pipe from causing garbage to not be cleared out.
- 05

配备工业级大容量的免维护电瓶，使设备可以长时间作业。  
Equipped with industrial-grade high-capacity maintenance-free storage battery, so that the equipment can work for a long time.

## 驾驶式洗地机

### A17

A17是一款超大型驾驶式洗地机。非常适合超大规模区域中的清洗任务，超过1米宽的刷盘，超级大容量的水箱使得此款机器效率极高。此款机器配备同类机器中最大容量的电瓶，一次充电可工作7-8小时，非常适合超大型工业级的清洗场所。

This A17 is an oversized driving washing machine. It is ideal for cleaning tasks in ultralarge areas. With a washing chassis over 1 meter wide, and the ultralarge water tank makes this washing machine extremely efficient. Equipped with the largest capacity battery of its kind, this machine can operate for 7-8 hours on a one-charge, making it ideal for ultra-large industrial cleaning sites.

## 性能特点 FEATURES

- 01

进口行走电机，超强动力，满足工作效率。  
Imported walking motor, super power, to meet the efficiency of work.
- 02

300L超大清水箱，350L超大容量污水箱，满足大面积清洗要求。  
300L super large water tank, 350L ultralarge capacity waster water tank, to meet the requirements of largescale cleaning.
- 03

双吸水马达设计，清洗过后地面无残留。  
The motor is a doublesided water. absorbing design that ensures that the ground is clean after cleaning.
- 04

脚踏登高板，人性化设计方便清洁污水箱。  
Equipped a climbing board that can be stepped on. This userfriendly design makes it easy to clean the water water tank.
- 05

机器配有两根排水管，一根用于排放污水，一根用于排放清水。  
The machine is equipped with two drainage pipes, one for the discharge of water water and one for the discharge of clean water. Super large rolling brushes can better swipe garbage.
- 06

配备工业级大容量的免维护电瓶，使设备可以长时间作业。  
Equipped with industrial-grade high-capacity maintenance-free storage battery, so that the equipment can work for a long time.

## 技术参数 TECHNICAL SPECIFICATIONS

## 洗扫一体机

### M12

M12是集洗地，扫地于一体的多功能清洁设备。木屑，螺丝,轻金属碎片等细小的固体垃圾都可被机器前部的主刷吸走。同时机器还有洗地和加压的功能，对重污垢地面清洗效果最佳，真正做到了一机多用。

M12 is cleaner with integration of multiple functions,inclusive of scrubbing and sweeping. Sawdust, screws,And the main brush on its front can suck away light metal fragment and other small solid wastes.At the same time, with the better scrubbing and pressurizing functions, it can achieve best cleaningeffects on various heavydirt floors for truly realizingmultiple functions within one scrubber.

## 性能特点 FEATURES

- 01

无需借助任何外部工具即可更换滚刷，快捷方便。  
With no need to replace with rolling brush relying on any external tools, it's quite quick and easy.
- 02

不锈钢垃圾箱，抽屉式装卸，方便冲洗。  
With the equipped stainless steel dustbin, in addition to drawer-type assembly and disassembly, it's quite easy to wash.
- 03

简单的操作面板，可根据现场情况调节行走速度。  
The simplified operation panel can adjust propelling speed according to on-site condition.
- 04

吸水扒头可以轻松的向各个方向摆动，并装有防撞轮。  
Equipped with the anti-collision wheels, the water-sucking scratcher head can be easily swung towards all directions.
- 05

配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance -free storage batteries, it can constantly provide mighty momentum for assuring long- term operations in different conditions.

## 技术参数 TECHNICAL SPECIFICATIONS

## M10

M10是一款高性能驾驶式洗扫一体机。双滚刷设计，清扫效果更好，能够更加强力的清洁地面残留污垢，更加完美的配合了洗地工作。垃圾盒、滚刷结构简单，方便人工拆卸清洗更换。清理污水箱时还配备水枪，来帮助人工更加方便的清理污水箱。同时也配备了手持吸扒功能能完成机器工作不到的地方，进行多功能作业。

The M10 is a high-performance driving washing and sweeping all-in-one machine. The double roller brush design has better cleaning effect and can effectively clean residual dirt on the ground, perfectly matching the floor cleaning work. The garbage bin and roller brush have a simple structure, making it convenient for manual disassembly, cleaning, and replacement. When cleaning the dirty water tank, a water gun is also equipped to help manual cleaning of the dirty water tank more conveniently. At the same time, it is also equipped with a handheld suction function that can complete multifunctional operations in areas where the machine cannot work.

## 性能特点 FEATURES

- 01

垃圾箱抽屉式装卸，方便冲洗。  
Garbage bin drawer loading and unloading for easy flushing
- 02

进口行走电机，软起动，强大输出动力，即使爬坡也可轻松完成。  
Featured with soft start- up function, the imported drive motor has strong output power. And even climbing movement can be easily completed.
- 03

水箱配备小水枪，可以帮助人工清洗污水箱内部的边边角角，大大节省了人工清洗水箱的时间，还配有手持式吸扒，可以吸机器难以作业的地方更加便捷方便。  
The water tank is equipped with a small water gun, which can help manually clean the edges and corners of the dirty water tank, greatly saving the time for manual cleaning of the water tank. It is also equipped with a handheld suction scraper, which can suck in areas where the machine is difficult to operate, making it more convenient and convenient.
- 04

280L超大清水箱，300L超大容量污水箱，满足大面积清洗要求300L。  
super large water tank, 350L. ultralarge capacity waster water tank, to meet the requirements of large . scale cleaning.
- 05

配备标准的免维护电瓶，提供强大动力，使设备可以长时间作业。  
Equipped with the standardized maintenance -free storage batteries, it can constantly provide mighty momentumfor assuring long-term operations in different conditions.
- 06

配备双滚刷，清扫效率更高地面更整洁。  
Equipped with dual roller brushes, the cleaning efficiency is higher and the ground is cleaner.

BA2100是一款延展性较长的扫地车，可实现最大距离化轻扫，具备强大的清扫能力。车体架构稳定牢固，带遮阳棚，适应环境强。车体配备了带升降臂的边刷，可轻扫任意想要高度，达到360度无死角。

BA2100 is a long-extended sweeper.It can achievemaximum distance light cleaning and has a strong cleaning ability. The body structure is stable and solid,with sunshade, and strong ability to adapt to the variousenviron-ment.The body is equipped with a side brush with lift arm, which can be swiped to any desired heightto reach 360 degrees without dead ends.

性能特点 FEATURES

- 01

设备配有汽车手刹，具有超强的制动性能，全速行驶下2米内刹停配有紧急断电开关;  
The device is equipped with a car handbrake, which had excellent braking function. When traveling at full speed,the brakes can be braked within 2 meters and an emergency power-off switch is also equipped.
- 02

前升降臂升降高度在行程范围内任意高度皆可定位，方便清扫花基路基，浅坑等高低不平地面;  
The lifting height of the front lifting arm can be located at any height within the stroke range, which is convenient toclean the uneven ground such as flower foundation, roadbed, shallow pit and so on.
- 03

7平方米超大过滤面积，配合强负压离心式铝合金风叶，比同类型扫地机高双倍的吸尘效率，专业解决恶劣的粉尘环境扬尘问题;  
The super- large filtration area of 7 square meters, combined with strong negative pressure centrifugal aluminum alloy blades, is twice as efficient as the same type of floor sweeper, and specializes in solving the problem of raising dust in a bad dust environment.
- 04

配备大型滚刷，只要滚刷和边刷落到地面，即可开始转动工作。  
Equipped with a large rolling brush. As long as the roll brush and side brush to the ground to start sweeping work.
- 05

大容量垃圾箱，存储大，易倾倒。  
Large-capacity garbage bins, with large storage and easy dumping advantages.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	48V/155AH
主刷电机	Brush Motor	500w*2
边刷电机	Side Brush Motor	120w*4
吸尘电机	Suction Motor	400w
震尘电机	Dust Motor	50w
行走电机	Traction Motor	2200w
过滤面积	Filter Area	15m²
水箱容量	Water Tank	300L
清洁宽度	Cleaning Width	1700-2000mm
主刷长度	Main Brush Width	700mm
边刷直径	Side Brush Diameter	600mm*4
清洁效率	Area Performance	12000m²/h
工作速度	Working Speed	12km/h
工作时间	Working Time	6-8h
尘箱容量	Dust Tank	220L
机器尺寸	Machine Size	240cm*200cm*190cm
机器重量	Machine Weight	680KG

STREET SWEEPER S1  
道路清扫车

S1

纯电动道路清扫车主要用于人行道、非机动车道、背街小巷、市政园林、物业小区等路面的清扫保洁，可快速清扫白色垃圾、落叶、石子、沙尘等，喷淋、清扫、吸尘相结合，效果好、效率高。

Mainly used for the cleaning of sidewalks, non-motorized lanes, street lanes, municipal gardens, property communities and other roads, pure electric road sweeper is able to quickly clean white garbage, fallen leaves, stones, sand and dust. The combination of spraying, cleaning and dust collection has good effect and high efficiency.

性能特点 FEATURES

- 01

设备小巧灵活，可适用于人行道、背街小巷等人流量较大之处。  
The equipment can be applied to places with large flow such as sidewalks, street lanes.
- 02

封闭式驾驶室，视野开阔，带顶棚和挡风玻璃，适应多种户外天气条件下作业。  
With semi-enclosed cab with wide field of vision, ceiling and windshield, it fits for operation under various outdoor weather conditions.
- 03

纯电动作业，无尾气噪音污染，零排放，节能环保。  
Pure electric operation, no exhaust and noise pollution, zero emission, energy saving and environmental protection are embodied.
- 04

电瓶带有欠压报警系统，可延长使用寿命。  
With an under voltage alarm system, the battery has an extended service life.
- 05

大功率风叶电机，相较于同类扫地机拥有双倍吸尘效率。  
In contrast with similar sweepers, the machine have high-power motor which can be vacuum efficiency.
- 06

大容量水箱设计，效率更高，适合多场景作业。  
The large-capacity water tank design can fit for multi-scenario operations.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	48V/100AH
主刷电机	Brush Motor	600w
边刷电机	Side Brush Motor	80w*3
吸尘电机	Suction Motor	600w
震尘电机	Dust Motor	50w
行走电机	Traction Motor	1000w*2
过滤面积	Filter Area	15㎡
水箱容量	Water Tank	108L
最大爬坡度	Maximum Climbing Degree	25%
清洁宽度	Cleaning Width	1200-1486mm
主刷长度	Main Brush Width	700mm
边刷直径	Side Brush Diameter	500mm*3
清洁效率	Area Performance	14000㎡/h
工作速度	Working Speed	12km/h
工作时间	Working Time	4-6h
尘箱容量	Dust Tank	220L
机器尺寸	Machine Size	217cm*153cm*187cm
机器重量	Machine Weight	520KG

# HIGH PRESSURE WASHING VEHICLE Q1 高压冲洗车

## Q1

纯电动高压冲洗车集高压冲扫、高压清洗一体化，纯电动作业，无任何尾气排放，主要用于机动车道、非机动车道、人行道、背街小巷、市政园林、物业小区等路面的冲洗养护。下置左右侧冲可与扫地车组合作业，清理路面、马路道牙和交通标识线处的污垢，后置15米高压水枪，可冲洗养护车辆不便停靠的路段。

By integrating high-pressure sweeping and high-pressure cleaning, the pure electric high-pressure washing vehicle does not have any exhaust emission, which is mainly used for the washing and maintenance of motorway, no- motorway, sidewalk, street lane, municipal garden, property community and so on. The lower left and right side flushing can be combined with the sweeper to clean the dirt on the road surface, road kerb and traffic signs. The rear high-pressure water gun of 15 meters can be used to wash

## 性能特点 FEATURES

- 01

设备小巧灵活，可适用于人行道、背街小巷等人流量较大之处。  
The equipment can be applied to places with large flow such as sidewalks, street lanes.
- 02

半封闭式驾驶室，视野开阔，带顶棚和挡风玻璃，适应多种户外天气条件下作业。  
With semi-enclosed cab with wide field of vision, ceiling and windshield, it fits for operation under various outdoor weather conditions.
- 03

纯电动作业，无尾气噪音污染，零排放，节能环保。  
Pure electric operation, no exhaust and noise pollution, zero emission, energy saving and environmental protection are embodied.
- 04

电瓶带有欠压报警系统，可延长使用寿命。  
With an under voltage alarm system, the battery has an extended service life.
- 05

配置纯电动高压水泵和15米高压水枪，可达到左右对冲以及侧冲作业。  
The left and right hedging and side flushing can be achieved by equipping with a high-pressure water pump and a 15-meter high-pressure water gun.
- 06

可搭配各种清扫设备组合作业，根据不同环境随意切换作业模式。  
It can be used by matching with various cleaning equipment, and the operation mode can be switched freely in line with different environments.

## 技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	48V/155AH
行走电机	Traction Motor	2200W
水泵电机	Washer Pump	3000W
冲洗宽度	Washer Width	≥4.5 m
转弯半径	Turning Circle	1800mm
水泵压力	Pump Pressure	200 kg/cm <sup>2</sup>
水泵最大流量	Maximum flow of water pump	15L/min
水箱容量	Water Tank	480L
最大爬坡度	Maximum Climbing Degree	25%
清洁效率	Area Performance	45000m <sup>2</sup> /h
工作速度	Working Speed	20km/h
工作时间	Working Time	4-6h
机器尺寸	Machine Size	217cm*120cm*187cm
机器重量	Machine Weight	580KG

SANITATION VEHICLE  
道路环卫车

BA1900

BA1900是一款封闭式大型扫地机。适合在寒冷，恶劣的环境下使用。广泛应用于道路，工厂，学校，小区等大型场所。此款设备无废气，无噪音，低能耗，绿色环保。为使用人员提供了舒适的工作环境。

The BA1900 is a closed-style large sweeper, suitable for use in cold, harsh environments. It can be widely used in roads, factories, schools, community and other large-scale places. This equipment is exhaust-free, noise-free, low energy consumption, green and environmentally friendly. By using them, can provide a comfortable working environment for users.

性能特点 FEATURES

- 01

设备配有汽车手刹，具有超强的制动性能，全速行驶下2米内刹停，配有紧急断电开关；  
Equipped with handbrake and emergency power-off switch, the equipment has super braking performance and can be braked within 2 meters at full speed.
- 02

前升降臂升降高度在行程范围内任意高度皆可定位，方便清扫花基，路基，浅坑等高低不平地面；  
The lifting height of the front lifting arm can be located at any height within the stroke range, which is convenient to clean the uneven ground such as flower foundation, roadbed, shallow pit and so on.
- 03

配备倒车影像，行车更安全。  
The equipment of reversing image makes driving safety.
- 04

配有喷雾，1.1kw高压清洗机和高压清洗枪对残留污垢冲洗。  
Equipped with sprayer, 1.1kw high pressure cleaning machine and high pressure cleaning gun can wash the residual dirt.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	48V/200AH
主刷电机	Brush Motor	800w
前边刷电机	Front Brush Motor	140w*2
中边刷电机	Middle Brush Motor	120w*2
吸尘电机	Suction Motor	600w *2
震尘电机	Dust Motor	50w
行走电机	Traction Motor	7500w
过滤面积	Filter Area	30㎡
垃圾箱容量	Capacity of Dustbin Tank	220L
水箱容量	Water Tank	620L
最大爬坡度	Maximum Climbing Degree	35%
清洁宽度	Cleaning Width	1700-2000mm
主刷长度	Main Brush Width	700mm
边刷直径	Side Brush Diameter	300mm
清洁效率	Area Performance	12000-14000㎡/h
工作速度	Working Speed	12km/h
工作时间	Working Time	6-8h
机器重量	Machine Weight	1180KG
机器尺寸	Machine Size	310cm*155cm*195cm
高压清洗机	High Pressure Cleaner	1.1kw
转速	Speed	2880 r.p.m
流量	Discharge	10.5 L/min
工作压力	Water Pressure	9 Mpa

# SANITATION VEHICLE

## 道路环卫车

### BA2100T

BA2100T环卫系列扫地车，可实现最大距离化轻扫，具备强大的清扫能力。车体架构稳定牢固，带遮阳棚，适应环境强。车体配备了带升降臂的边刷，可轻扫任意想要高度，达到360度无死角。可以选配高压冲洗机和雾炮，高压冲洗机配备高压冲洗枪配备多种喷头多功能作业。雾炮可满足消杀和对园林植物灌溉的需求。

The BA2100T is an environmental sanitation vehicle .It can achieve maximum distance light cleaning and has a strong cleaning ability. The body structure is stable and solid, with sunshade, and strong ability to adapt to the various environment.The body is equipped with a side brush with lift arm, which can be swiped to any desired height to reach 360 degrees without dead ends.High pressure washing machine and mist gun can be optionally equipped, and the high-pressure washing machine is equipped with a high-pressure washing gun and multiple nozzles for multifunctional operation. The fog cannon can meet the needs of disinfection and sterilization and irrigation of garden plants.

## 性能特点 FEATURES

- 01

设备配有汽车手刹，具有超强的制动性能，全速行驶下2米内刹停，配有紧急断电开关；  
The device is equipped with a car handbrake, which had excellent braking function. When traveling at full speed, the brakes can be braked within 2 meters and an emergency power-off switch is also equipped.
- 02

前升降臂升降高度在行程范围内任意高度皆可定位，方便清扫花基，路基，浅坑等高低不平地面；  
The lifting height of the front lifting arm can be located at any height within the stroke range, which is convenient to clean the uneven ground such as flower foundation, roadbed, shallow pit and so on.
- 03

7平方米超大过滤面积，配合强负压离心式铝合金风叶，比同类型扫地机高双倍的吸尘效率，专业解决恶劣的粉尘环境扬尘问题；  
The super-large filtration area of 7 square meters, combined with strong negative pressure centrifugal aluminum alloy blades, is twice as efficient as the same type of floor sweeper, and specializes in solving the problem of raising dust in a bad dust environment.
- 04

配备大型滚刷，只要滚刷和边刷落到地面，即可开始转动工作；  
Equipped with a large rolling brush. As long as the roll brush and side brush to the ground to start sweeping work.
- 05

大容量垃圾箱，存储大，易倾倒。  
Large-capacity garbage bins, with large storage and easy dumping advantages.

## 技术参数 TECHNICAL SPECIFICATIONS

ESCALATOR CLEANING MACHINE  
扶梯清洗机  
EL510

这款扶梯清洗机专业用于清洁扶手电梯，是快速高效清洁扶梯的理想产品，轻易可放置于扶梯踏板。自动制导系统可使机器符合所有类型的扶梯使用。供水、刷洗、吸干三合一，适合宾馆大堂、餐厅、厨房、超市、停车场、客运站、机场、写字楼、学校、医院和汽车4S店的地面日常刷洗工作。

This escalator cleaner is specialized in escalators. It is an ideal product for fast and efficient cleaning of escalators. It can be easily placed in escalators pedals. Automatic guidance system can make the machine suitable for all types of escalators use. Water supply, scrub, dry three in one, It is suitable for hotel lobby, restaurant, kitchen, supermarket, and parking lot, passenger station, airport, office building, school, hospital and car 4S shop for floor daily scrub work.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	220V
主刷长度	Main Brush Length	510mm
吸水扒宽度	Suction Width	770mm
转速	Rotational Speed	435RPM
刷盘电机	Brush Motor	900w
吸水电机	Suction Motor	2400w
水箱容量	Clean/Dirty Water Tank	50L/55L
机器尺寸	Machine Size	125cm*59cm*109cm
机器重量	Machine Weight	140KG

BATTERY BURNISHER  
电瓶式抛光机  
BA2510BT

用于大面积石材、木地板、环氧树脂等材质的地面抛光，具有2000rpm的清洁速度和可调节的垫压，打造高光泽，呈现专业形象地面！

It is used for polishing large area of stone, wooden floor, epoxyresin and other materials, with a cleaning speed of 2000rpm and adjustable pressure. It can create a high gloss, presenting a professional image of floor.

技术参数 TECHNICAL SPECIFICATIONS

电压/电瓶	Voltage	36V/100AH
抛光宽度	Cleaning Width	530mm
抛光效率	Area Performance	2800m²/h
转速	Rotational Speed	2200RPM
抛光电机	Brush Motor	3.5P
吸尘电机	Suction Motor	200w
尘箱容量	Dust Box	8L
机器尺寸	Machine Size	150cm*65cm*112cm
机器重量	Machine Weight	220KG

BURNISHER  
石面翻新机

这是一款全新概念的多功能单擦机，创新的刷盘旋转式震动清洁系统能够显著提升清洁效果，对比起传统的单擦机，提供持续高效清洁的同时，能够缩短超过一半以上的工作时间，为您带来全新的操作体验，适用于多种地面：胶地板，地毯，混凝土，木地板，大理石等。

This is a new concept of multifunctional single brush machine, which is an innovation of rotating brush plate vibration cleaning system. It can significantly improve cleaning effect, compared with the traditional singlerush machine. It can provide efficiency and tidy at the same time, more than half of the work can shorten the time and bring you a brand new experience. It can be suitable for a variety of ground, such as rubber floor, carpet, concrete, and wood, marble, etc.

WET VACUUM CLEANER  
吸水机  
BA-500

滚塑桶身，坚固耐用。静音型马达，吸力特强，可长时间操作。不碎耐热电机，坚固耐用，防水，防静电。多功能全套标准配件，优质材料制造，经久耐用。外形美观，轻巧灵活。适用于酒店宾馆、厂房、商场及各类清洁行业。

Rotational molding barrel, sturdy and durable. Silent motor with strong suction, allowing long-time working. Unbreakable heat-resistant motor, sturdy and durable, waterproof and anti-static. Multi-functional full set of standard accessories made by high-quality materials, standing wear and tear. With beautiful outlook, lightweight and flexible. Can be applied in hotels, plants, shopping malls and cleaning industry.
